

Topic → All about hackathons

- 1.) Hackathon kya hota hai? ✓
- 2.) Hackathon kaise prepare karen? ✓
- 3.) Hackathon kaise jeetain? ✓

1.) Hackathon kya hota hai

- ⇒ event → 1-3 days →
- ⇒ time line → 24, 36, 48 hours
- ⇒ innovative solutions

2.) Hackathon kyu karna chahiye ?

a.) experience → P.S ↑, Project ↑

b.) better resume ↑, Team Mkt ↑

c.) Teamwork, deadlines, Presentation ↑

d.) Real world projects → R.W → sol.

e.) Free Snacks, free food, and networking

f.) Prizes
160000 → 1000000 ^{up to} dj night etc ...

3.) Kaise tyari karen

1.) Team → 2, 4, 6 →

2.) Past hackathon winner projects
(Devpost, GitHub, Youtube) → projects

3.) Tech stack basics →

4.) Side projects 1-2

5.) Try to present yourself

Basics tech

3 mean stack

→ Java Backend

→ Python Backend

Unique

4.) Tools to Build faster → Jaldi 24

→ Do not use AI X

→ Agentic AI → Cursor, Warp, CritHub Copilot

Code generate → AI → Code secret 3.7

⊙ [Fast-Build Tools]

Agar aap kisi bhi language use kar rahe ho, yeh tools aapko fast MVP banane mein help karenge:

- Auth: Clerk, Auth0, Firebase Auth (in sabki SDKs multi-language hoti hain)
- Database: Supabase, Airtable, Firebase Realtime DB (REST + SDKs)
- APIs: RapidAPI, n8n.io (No-code workflows for backend logic)
- Design & UI: Figma (UI banake team share karo), TailwindUI (prebuilt components)
- Deployment: Vercel, Netlify (frontend ke liye best), Railway.app (backend deploy karo bina config ke)
- Docs + Team Collab: Notion, FigJam, Google Docs (sabko accessible and easy to maintain)
- Integrations: Make.com ya Zapier (automation setup bina code ke)

Ye sab tools kaafi flexible hain - Python ho ya JS ho ya Rust, aap easily integrate kar sakte ho.

5.) Jeetne ke tips

→ P.S. ko ache se samjho

→ Basic functionality pe focus

→ UI jitna acha utna better impact

→ Presentation is key → ✓

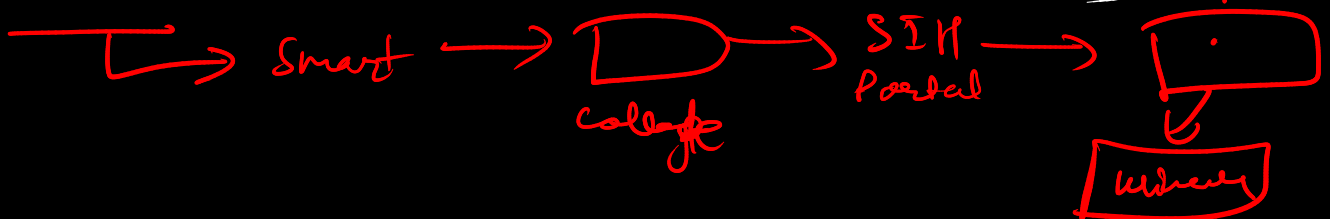

→ Search if idea exists

Idea → different → exist → 50%
→ 70% → 80%

Hackathon Find Kaise Karein? - 8:15 - 9:15]

- Devpost.com
- Hackathon.com
- MLH.io
- Unstop - India specific → India JTD, GLB etc
- GitHub Events - community events
- LinkedIn pe "hackathon" search karo - har week kuch na kuch naya milta hai

→ SIH (Smart India Hackathons)

Bonus Team member

2-4 members allow

1) Team of 2

1 → frontend } → must
2 → Backend }

2 → fullstack dev with AI/ML

2) Team of 4

2 → Backend dev

1 → frontend dev with UI/UX

1 → Presentation / AI/ML

3) Team of 6

1) girl mandatory → Team member input

└ presentation
└ dev

2 → fullstack dev

2 → AI/ML dev

1 → UI/UX design

} Best
case
6 person
written

→ work load device
→ 6 Brains

→ Teamwork
→ Reader

main part

→ 2 presentation + 2 docs + 2 AIML eng

→ 1 → girl ✓
